

# The World's Most Advanced Mulching Heads

300% More Torque  
than competing heads

---

90% More Efficient Cut  
Better mulch on less HP

---

50X Longer Tooth Life  
No daily sharpening

---

## Maximum Compatibility

Any Skid loader with 74+hp    Standard flow or high flow  
Tunes to skid steer in seconds with a smart-phone

---

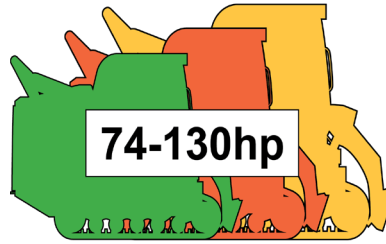

# FEATURES

## Works on Any Skid Steer

Equipped with E-Tech the Mastodon M60-S adapts to any skid steer using a smartphone Bluetooth app (no tools required)

Mastodon model M60-S Forestry Mulcher is powered by E-TECH the industry's most powerful drive and unleashed on vegetation through a patented feed control carbide tooth which provides the cutting performance of sharp steel with the maintenance-free longevity of carbide. A Mastodon Mulcher works faster, stronger, and smarter than the competition, dominating the world of high performance land clearing.

## Direct Drive train

The Mastodon M60-S has an exclusive direct drive train with an industry leading 160cc motor providing instant torque and delivering superior mulching performance.

## Feed Control Cutting Teeth

The M60-S features patented feed control cutting technology. Each tool acts as an independent feed control system that controls the feed rate and reduces stalling the rotor, providing ultra-fast mulching speeds and consistent high quality mulch.

## M60-S

List Price: \$47,400.00

## No-Hassle Warranty

All Mastodon mulchers come with an industry leading 2-year driveline warranty with full coverage from defects in material or workmanship and a lifetime frame warranty.

Specifications:	
Required HP:	74hp+
Motor Displacement	160cc
Required Flow	20GPM
Rotor Speed	2,200RPM
Tree Size	1-15"+
Weight:	2,250LBS
Dimensions	84"W 45"H 47"L
Number of Teeth	30
Hoses and couplers Included	Yes
